# Our Mission

We encourage our children to achieve excellence across the curriculum, enabling them to fulfill their potential and make a positive contribution to the society. We recognize that all our pupils are unique and have their own talents and interests, the school itself is recognized for its caring environment where we help individual to develop social awareness and encourage them to gain respect for themselves and for others. Every effort in school is made to ensure that each student of our school is happy and successful.

SAI believes in the full growth of today's child into a mature and responsible adult tomorrow. These are the few objectives of our mission for our students-

- To provide each student diverse and all-round education in a safe, supportive environment that promotes self- discipline, motivation and excellence in learning.
- To develop self confidence through sense of responsibility and leadership in every walk of life.
- To strike a balance between moral, spiritual and vocational instructions.
- To build a firm foundation of learning knowledge, essentially required to enable the students to pursue career of their choice with excellence.
- To inculcate in the students a sense of mutual respect, universal brotherhood love, affection and respect for elders.
- To sharpen those perceptions that contributes to global cohesion and scientific temperament with independent mind and spirit.
- To develop today's immature children into mature, responsible, well-groomed and successful citizens of future.
- To develop all round personality of students and encourage them to look beyond the beaten tracks.

# The Curriculum

The curriculum is planned as a whole, with the aim of providing a board, balanced and relevant programme of study for all. We are continually developing our curriculum to provide with the needs of students to grow in knowledge and the personalities of each student will be groomed in a healthy way. Our curriculum has numeracy and literacy with the equal importance given to art, drama, music, sports and other multifarious activities that our school offers to your child, which encourages every student to reach the highest possible academics standards.

A wide range of learning and teaching strategies are adapted depending upon the age and stage of learning of each student. Information technology is integrated into the curriculum and is used to support and extend learning.

**Students are given opportunities to make choices and to feel the joy and satisfaction that can be explored in working with others and in serving others.**

## The faculty

All students have unique needs and must be responded in same fashion. The job is done by the group of highly qualified teachers who paint great pictures in the mind of their young students. Highly-qualified, experienced and dedicated teaching staff takes pleasure in helping students to gain knowledge and skills. SAI staff place great emphasis on children knowledge and interests with mission to groom them in the successful adults of upcoming generation.

## Classrooms

The airy and spacious classrooms are well-designed with plenty of natural light and ventilation that comfortably accommodate 30 students with ample working space. Each classroom is furnished with customized furniture especially keeping in mind the needs of different students in different age groups.

## Library

An ultra modern computerized library acts as a resource centre equipped with a large number of books for the benefit of students and staff. Besides acting as comfortable platforms for self-study, it also has a treasure of a variety of resource materials like journals, magazines, compact discs, audio and video cassettes', computer software and multimedia stations which accelerate the growth process. Students have access to both Indian and foreign origin reading material.

## Laboratories

The school has well equipped laboratories for different streams of science with excellent facilities for practical work. The child gets hand on experience which complements the theoretical knowledge.

## Computer Lab

Knowledge of computer is imparted to the student's right from the primary section. The separate computer lab for primary and secondary students is equipped with ultra modern and latest hardware and software. Well-trained and experienced teaching staff gives ample guidance and cater to the needs of the students.

## Audio-Visual Lab

Spacious air-conditioned audio-visual labs are available for the benefit of the students and it has excellent collection of films and documentaries based on education for their recreation. These labs also facilitate computer interactive aided learning.

## Art Studio

A separate art studio, cast to the needs of different types of art from basic drawing, sketching and painting to professional coaching in the same fields. Active participation brings peace and sense of happiness to the young mind.

## Spoken English

Our school lays a special emphasis on proper spoken English and the correct method of conversation. Teachers communicate and interact only in English and therefore students pick up the language at an amazing speed and in a natural way.

## Music Room

SAI provides a wide spectrum of opportunities for the students in the field of music. To enjoy the spirit of music, training and guidance in both Indian and western music are imparted with the help of whole array of instruments.

## Dance-Drama Room

A very convincing form to express one's feeling is through the art of dance and drama. Coaching is being provided to the students to learn all types of dance forms, Indian and Western.

# Personality Development and grooming

As the popular belief goes “**First impression is the last impression**”. Strong emphasis is laid on the various aspects of personality development, value-based education, public speaking, communication skills and much more. The objective is to empower a student to face challenges of life with confidence and an optimist aspect towards life.

## Separate Room for Activities

The child can discover, develop and express his/her talent in the fields of art, craft, science, community services etc. in the activity rooms. Students are given opportunities to make choices and to feel the joy and satisfaction that can be explored in working with others and in serving others. Extra classes are also organized for the students who are weak in certain subjects. They learn the importance of sharing, being together, learning and moving ahead together with confidence.

# Sports

The schools has excellent sports infrastructure with coaches who imparts training in various games and sports and help the students in making their presence felt at different levels of sports competition and tournament.

**Outdoor sports** include facilities for volleyball, lawn tennis, skating, football, martial arts, hockey, etc. The schools also have a 400 meter 8 lane tracks for athletes.

**Indoor sports** complex includes facilities for badminton, table tennis, shooting, swimming aerobics, carom, chess, yoga and much more.

# Co-Curricular Activities

Co-curricular or extra activities that enhance the child's personality and compliment the learning experience of each student is given equal preference in our campus. Many inter house and inter class activities are organized on a regular basis for all the students accordingly of their respective sections to groom their creativity and talents for over all development of a child.

# Residential Life

Residential life at SAI drives towards a positive and effective force in constructively channelizing and focusing students' energies and broadening their horizons. It is a residential home replete with the comforts, community life and care association with home and in other words it is a "home away from home."

- Students of each dormitory are taken care by the house master.
- The school provides healthy and balanced-diet with cereals, fresh milk, butter, cheese, vegetables, fruits etc. On the advice of the medical officer, special diet is also provided to the students who are in need.
- There is a separate inbuilt library for the students who are fond of reading.
- At SAI, the child has the privilege of enjoying a whole gamut of facilities in the field of academics, sports and co-curricular. A separate unit for television and entertainment is also available.
- There are well maintained and cleaned sanitary blocks with round the clock hot and cold water supply. Storage rooms for luggage are also attached to dormitory.
- Yoga and gym sessions are also available for students for daily fitness and healthy mind and body.
- The school has a full-time MBBS medical officer, who is available for the students all the time. Medical and Dental checkups are carried out by doctors on regular basis.
